

AirLiner™

Wireless Slate

Teach From Anywhere

Teach from the front of the room, the back of the class or by a student's side – without losing the learning benefits of interacting with digital lessons.

With the AirLiner slate, you and your students can interact wirelessly with your SMART Board™ interactive whiteboard from up to 54 ft. (16 m) away. Use the battery-free tethered pen to switch between pen, mouse and eraser functions so you can control any software application, write notes or highlight information.

Interaction for All Students

Powered by SMART Board software, the AirLiner wireless slate is a lightweight tool that you can carry with you as you teach. Write out a math problem using the wireless slate, and then hand it to a student to fill in the answer. Use multiple slates for group seat work such as question and answer sessions. The slate supports simultaneous interaction, so multiple students using slates and the SMART Board interactive whiteboard can write notes at the same time.

No matter what your teaching style, you and your students get all the benefits of interacting with lessons, websites and computer programs. Even if your classroom isn't equipped with a SMART Board interactive whiteboard yet, you can use the AirLiner wireless slate to write in your Notebook™ files.

You have a lot of students to teach and plenty of topics to cover. Make it easier to give interactive and motivating lessons with the Airliner wireless slate.

Interactivity with no stings attached

- ✓ Control software applications and highlight information from anywhere in the classroom
- ✓ Save your notes and other work to a single file using award-winning software
- ✓ Get your students involved, several students can interact at the same time

Features

Dimensions

Active Area
6" H x 8" W (15.24 cm x 20.32 cm)
Size
10" W x 11" H x 1" D (25.4 cm x 27.94 cm x 2.54 cm)
Weight
2 lb. (0.91 kg)

SMART Board Software

- Prepare and save lessons in Notebook software:
 - Rotate, move and resize objects, including notes and screen captures
 - Attach hyperlinks to objects
 - Make objects transparent
 - Insert background templates and images from the Gallery of thousands
 - Organize pages in the Page Sorter*
 - Drag objects between pages and from other applications
 - Attach files*
 - Save files in various formats (e.g., PDF, HTML)
 - Save pages as separate image files (e.g., JPEG, PNG, GIF)
 - Share files across platforms (e.g., Windows® operating systems, Mac OS operating system software)
 - Move toolbars to the bottom of the screen
 - Insert Macromedia® Flash® files from the Gallery, and add your own Flash files
 - Choose drawing tools for connectors, dotted lines, pen styles and more
- Convert handwriting to text
- Reveal information with the Screen Shade or Spotlight
- Write over moving or paused video
- Control a wireless laptop from your interactive whiteboard
- Access common applications from the Start Center
- Record all screen activity as a video, and include audio from a microphone
- Customize the Floating Tools palette
- Input text with the On-Screen Keyboard
- Write and save notes in many third-party applications*:
 - Write over Microsoft® PowerPoint® slides, Word and Excel files, and save your notes in these files*
 - Write and save into Paint, CorelDRAW® and AutoCAD® software and conferencing applications such as SMART's Bridgit software
- Choose from 25 available languages*

*Windows operating systems only

SMART Board interactive whiteboard integration – Interact with your SMART Board interactive whiteboard from anywhere in the classroom.

Simultaneous interaction – A SMART Board interactive whiteboard user can write at the same time as one or more AirLiner wireless slate users.

Battery-free tethered pen – Ensures no downtime and needs no maintenance.

Battery-free wireless mouse – A hassle-free way to navigate through your digital information.

Bluetooth adapter – Class 2 adapter has an expected range of 54 ft. (16 m) and a maximum range of 164 ft. (50 m) in free space.

Underlay – Easily toggle between Notebook functions from your AirLiner.

6" x 8" (15 cm x 20 cm) electromagnetic surface – The electromagnetic screen lets you rest your hand on the screen for easier use. And the active area matches the size of any screen for accurate contact.

Programmable buttons – Customize the buttons on both the slate and the pen to access your favorite functions.

Rechargeable lithium-polymer battery – Charge time of 6 hours, battery life of 30 hours.

Saving ability – Save all your work to a single file that works with, or is compatible with, both Windows® and Macintosh operating systems. Notes and graphics are saved as objects that you can manipulate and organize or write and save notes directly into popular Microsoft Office applications.

System Requirements for Windows Operating Systems

- Pentium® 233 MHz processor (450 MHz or faster recommended) • 128 MB of RAM (256 MB recommended)
- Approximately 160 MB of free hard disk space for a full installation • Windows 2000 or Windows XP • Microsoft Internet Explorer 6.0 or later • Macromedia Flash player version 7.0.19 or later (recommended) • Available powered USB or serial port

System Requirements for Macintosh Computers

- 400 MHz processor (800 MHz or faster recommended) • 128 MB of RAM (256 MB recommended) • Mac OS X version 10.3.3 or later (with Java version 1.3.1 update 1 or later) • 50 MB of free hard disk space for minimum installation, 115 MB for complete installation with Gallery collections • Available powered USB port

NOTE: Other versions of SMART Board software are available for UNIX® and Linux® systems, as well as for earlier Windows and Mac OS operating
